[Docket Number FRA-2022-0037]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on April 25, 2022, SMS Rail Service, Inc. (SLRS) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR parts 215 (Railroad Freight Car Safety Standards), 223 (Safety Glazing Standards - Locomotives, Passenger Cars and Cabooses), and 224 (Reflectorization of Rail Freight Rolling Stock). FRA assigned the petition Docket Number FRA-2022-0037.

Specifically, SLRS requested a special approval pursuant to § 215.203, *Restricted cars*, for one caboose, SLRS 92857, that is more than 50 years from the date of original construction. SLRS also requests relief from § 215.303, *Stenciling of restricted cars*; § 223.13, *Requirements for existing cabooses*; and § 224.101, *General requirements*. SLRS seeks to operate the caboose for educational, tourist excursion, and limited freight service purposes. In support of its request, SLRS states that the relief would enable the cars to maintain historic integrity and that the caboose would not exceed 20 miles per hour.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.
